Medical Readiness

Patient –Centered System of Health

People

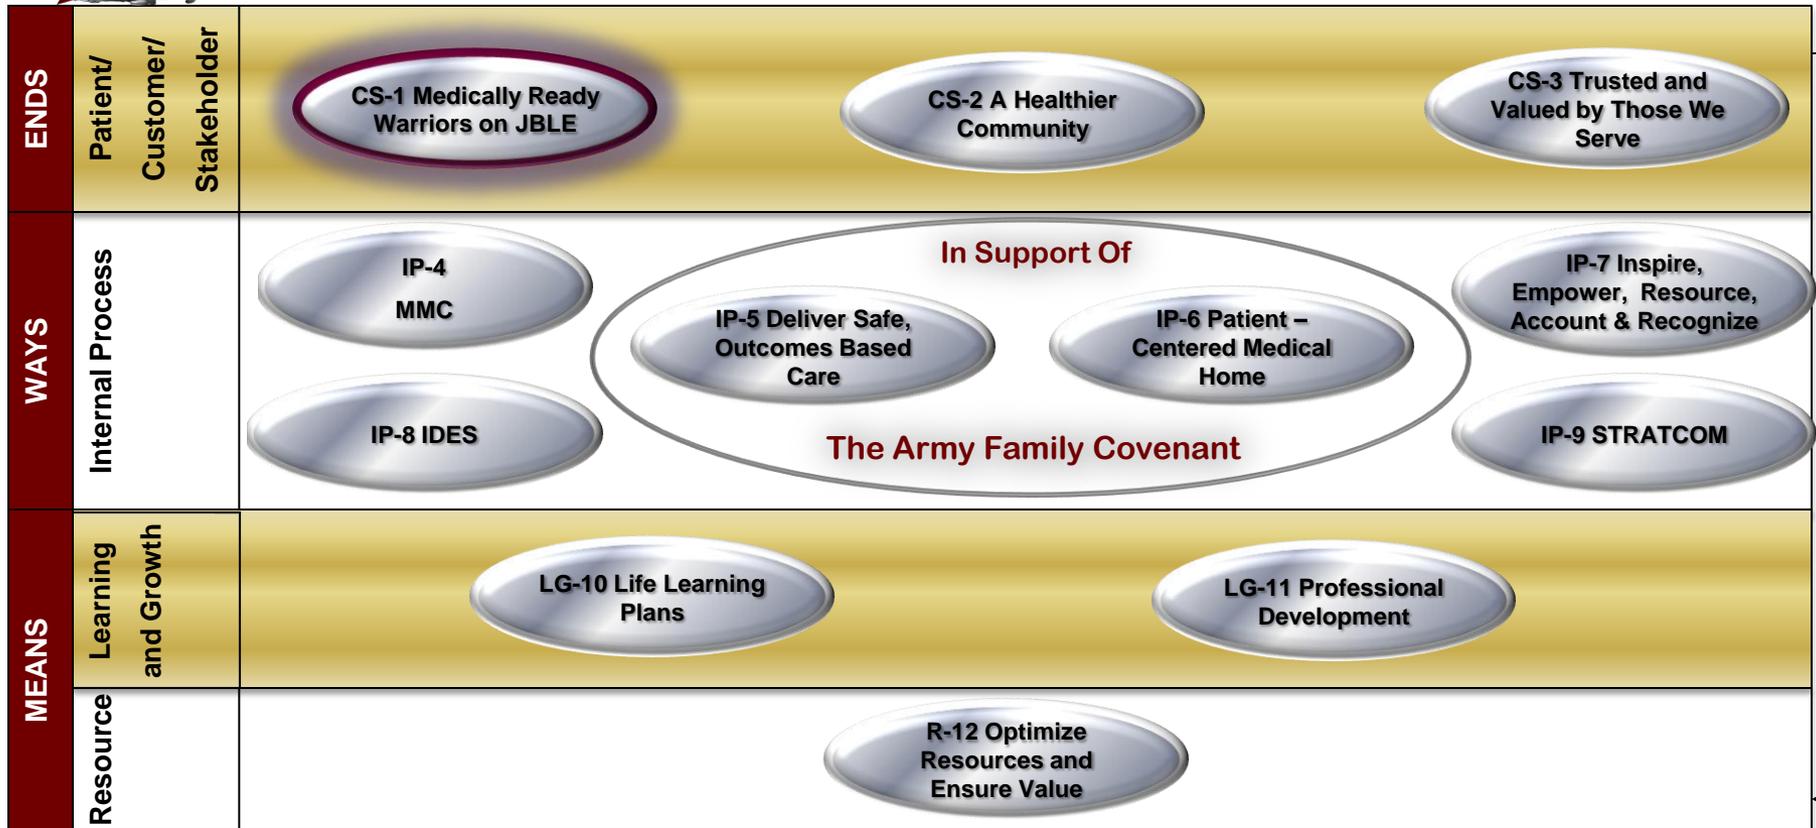

Mission

To ensure the medical readiness of our Nation's fighting forces and the health of those entrusted to our care.

A trusted patient-centered system of health that supports Soldier medical readiness and enhances the wellness of our community.

Vision

This is a dynamic, living document. **Supporting our Army's Imperatives: Sustain, Prepare, Reset, Transform**

McDonald Army Health Center Fort Eustis, VA

Commander's Lines of Effort (LOE)	Performance Statement
LOE 1: Medical Readiness	Maximize Soldier readiness through appropriate evaluation of medically not ready profiles, and timely transit of Soldiers through the medical disability system.
LOE 2: Patient-Centered System of Health	Deliver care using the whole-person concept, coordinating and integrating evidence-based primary, specialty and wellness/preventive care in a comprehensive care plan process with the goal of customizing care to the unique needs of each individual patient.
LOE 3: People	Inspire trust in each other and those we serve through open communication and by setting and managing expectations; make our patients feel that they are the reason you came to work today; take care of each other; encourage learning and growth.

Commander's Philosophy
Inspire (Vision)
Empower (Delegate)
Resource (and provide top cover)
Build a consistent system - Every Patient, Every Visit (Patient Safety)
Reward
Strike a Balance - Family/Faith/Flag (FFF)
"it is not just a job, it is a..... (Heart)"
Values:
Dignity and Respect
LDRSHIP
